

LED POWER SUPPLIES

200W Constant voltage

- High Efficiency (Up to 92%)
- **Constant Voltage Output**
- 5 Years Warranty

Description

G2G constant-Voltage outdoor LED driver that operates from 100-277VAC input with excellent power factor. It is created for LED strip, LED module, LED landscape light. The high efficiency of these drivers and compact metal case enables them to run cooler, significantly improving reliability and extending product life. To ensure trouble-free operation, protection is provided against input surge, output over voltage, over current, short circuit, and over temperature.
